

## Partnership Plan 2019 - 2020

# Partnership Plan

Safer North Hampshire Community Safety Partnership (CSP) produces an annual Strategic Assessment which it reviews every six months. This ensures that the partnership is aware of current and emerging trends.

As a result of this Assessment, the CSP is required to produce a Partnership Plan in order to outline how it will work with partners across the year to tackle priorities identified.

Each partner is required to complete a priorities template, describing what they will do to work in partnership to tackle the specific priorities. These are then used to make up our Partnership Plan and are reviewed periodically at Strategic CSP meeting, as well as in conjunction with the six monthly Strategic Assessment review. A summary of completed templates is attached at the end of the document (Appendix 1, page 27).

Overall responsibility for the success of the plan will fall to the Strategic CSP. If any project or work is at risk or requires intervention to ensure success, the CSP will intervene to make any necessary changes.

For 2019/20 completed templates were provided by all partners except for:

- Hampshire and Isle of Wight Community Rehabilitation Company
- Hampshire County Council

The Safer North Hampshire Community Safety Manager will write to the above agencies to request a return and commitment to the work of the Community Safety Partnership.

## Strategic Assessment 2018/19 Executive Summary

In 2018/19 total crime across Safer North Hampshire increased by **4%**. There are multiple reasons for increases in crime records for certain crime types. These include a national focus on the improvement of recording practices and public confidence and campaigning, as well as real rises in offending. The following have been identified as the primary threats for Safer North Hampshire and the priorities for the upcoming year:

- 1) **Anti-social behaviour with a focus on youth related nuisance** –*Despite a reduction in overall reports of anti-social behaviour (-13%) to the police the issue remains a concern for communities, individuals and businesses. Youth related anti-social behaviour accounted for around a quarter of incidents in the town centre beats and were widespread across the area. Although the CSP currently has some effective mechanisms in place, early intervention with young people is key in reducing the number who go on to commit further, often higher harm offences.*

- 2) **Domestic abuse** - *Reporting of domestic abuse offences has increased by 14% this strategic period. While this can be seen as positive, one third of victims are repeats and there has been an increase in the number of violence with injury offences.*
- 3) **Robbery** - *Robbery has increased year on year. The use of weapons in these offences is common and on the rise. Young males with an existing criminal history have been identified as being at risk of offending and it is hoped that the CSP can work with this cohort to educate them and reduce the risk of future offences.*
- 4) **Children at risk with a focus on knife/blade related incidents**- *The threat of serious organised crime especially related to the exploitation of children is a county priority. County Lines and organised gangs are known to be operating within the Safer North Hampshire area. In addition, while figures are low and overall weapons offences were down last year, the number of people found to be carrying a weapon and also using them in certain offences has risen. Knife/blade crime has also risen 90% in the past five years and is a national priority which requires a cross government approach. It should be a priority for the CSP to identify and work with vulnerable young people at an early stage to prevent the occurrence of higher harm offences (linked to ASB priority around early intervention).*

## Strategic Community Safety Partnership

The Strategic Community Safety Partnership includes representatives from:

- Aldershot Garrison (co-opted)
- Basingstoke & Deane Borough Council
- Hampshire Constabulary
- Hampshire County Council
- Hampshire Fire & Rescue Service (co-opted)
- Hampshire Fire Authority
- Hart District Council
- North Hampshire Clinical Commissioning Group
- North East Hampshire & Farnham Clinical Commissioning Group
- Rushmoor Borough Council
- South West National Probation Service
- The Hampshire and the Isle of Wight Community Rehabilitation Company

The Strategic Partnership steer the work of the respective sub-groups and ensure that any work identified in the Partnership Plan is effective and in line with aims of the wider CSP priorities. Safer North Hampshire Shared Community Safety Team currently administer the CSP.

**Partner information**

<b>Agency</b>	Safer North Hampshire (shared community safety team) Basingstoke and Deane Borough Council, Hart District Council, Rushmoor Borough Council

<b>Role</b>	Community Safety Team Leader

**Priorities**

<b>Priority</b>	<b>Antisocial behaviour with a focus on youth related nuisance</b>
<b>Strategic Assessment narrative</b>	<i>Despite a reduction in overall reports of anti-social behaviour (-13%) to the police the issue remains a concern for communities, individuals and businesses. Youth related anti-social behaviour accounted for around a quarter of incidents in the town centre beats and were widespread across the area. Although the CSP currently has some effective mechanisms in place, early intervention with young people is key in reducing the number who go on to commit further, often higher harm offences.</i>

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

- Engage with those at risk of entering the criminal justice system through the Peer Court process in Hart and Rushmoor, and Basingstoke and Deane, a scheme proven to reduce reoffending rates
- Manage antisocial behaviour referrals through the ABC, VOG and CPN process
- Attendance at multi-agency meetings such as Early Help Hub and other related meetings
- Work in partnership with Police, Fire, Housing, internal Council departments and other agencies to tackle antisocial behaviour at a local level through local campaigns such as Halloween, Bonfire Night, Summer campaign etc
- Work with Community Patrol Officers in relevant authorities to tackle antisocial behaviour and town centre related nuisance, providing neighbourhood reassurance and deterring ASB and environmental crime through evidenced based patrolling activity
- Raise awareness of antisocial behaviour and related topics during school and parent education sessions across the area

<b>Measurable outcomes</b>	<ul style="list-style-type: none"> <li>• Number of ABCs/Community Protection Notices/Injunctions</li> <li>• Recorded antisocial behaviour incidents</li> <li>• Number attending Peer court and reoffending rates</li> <li>• Education sessions held, attendance and feedback</li> </ul>
----------------------------	---

<b>Priority</b>	<b>Domestic Abuse</b>
<b>Strategic Assessment narrative</b>	<i>Reporting of domestic abuse offences has increased by 14% this strategic period. While this can be seen as positive, one third of victims are repeats and there has been an increase in the number of violence with injury offences.</i>
<b>Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.</b>	
<ul style="list-style-type: none"> <li>• Coordination of Domestic Abuse forums and associated sub-groups across Hart, Rushmoor and Basingstoke areas</li> <li>• Coordination of training events for partner agencies</li> <li>• Establish support groups where need identified and resource appropriately</li> <li>• Provide support and advice to authorities and partners when requested</li> </ul>	
<b>Measurable outcomes</b>	<ul style="list-style-type: none"> <li>• Partner attendance and engagement at forum meetings</li> <li>• Number of support groups established and attendance</li> <li>• Training sessions held, attendance and feedback</li> </ul>

<b>Priority</b>	<b>Robbery</b>
<b>Strategic Assessment narrative</b>	<i>Robbery has increased year on year. The use of weapons in these offences is common and on the rise. Young males with an existing criminal history have been identified as being at risk of offending and it is hoped that the CSP can work with this cohort to educate them and reduce the risk of future offences.</i>
<b>Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.</b>	
<ul style="list-style-type: none"> <li>• Assisted in formulation of a Police led bid to the Serious Violence Reduction Fund to raise awareness of the consequences of carrying a knife aimed at young people and focused around education and prevention in the Rushmoor area</li> <li>• Production of analytical products to support policing partners in respect of Robbery data</li> <li>• Raise awareness of robbery and related topics during school and parent education sessions across the area</li> <li>• Partnership working in relation to enforcement and tackling hotspot areas</li> <li>• Coordination of VOG and QPM process including associated analytical products</li> <li>• Manage antisocial behaviour referrals through the ABC, VOG and CPN process</li> </ul>	
<b>Measurable outcomes</b>	<ul style="list-style-type: none"> <li>• Successful bid to Police Serious Violence Reduction Fund</li> <li>• Education sessions held, attendance and feedback</li> <li>• Data on enforcement used</li> </ul>

<b>Priority</b>	<b>Children at risk with a focus on knife/blade related incidents</b>
<b>Strategic Assessment</b>	<i>The threat of serious organised crime especially related to the exploitation of children is a county priority. County Lines and organised gangs are known to be operating within the Safer North Hampshire area. In</i>

<b>narrative</b>	<i>addition, while figures are low and overall weapons offences were down last year, the number of people found to be carrying a weapon and also using them in certain offences has risen. ### Priorities

Priority	Antisocial behaviour with a focus on youth related nuisance
Strategic Assessment narrative	<i>Despite a reduction in overall reports of anti-social behaviour (-13%) to the police the issue remains a concern for communities, individuals and businesses. Youth related anti-social behaviour accounted for around a quarter of incidents in the town centre beats and were widespread across the area. Although the CSP currently has some effective mechanisms in place, early intervention with young people is key in reducing the number who go on to commit further, often higher harm offences.</i>

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

- Maintain a focus on ASB related incidents and crime associated with “street attached” people (Operation Cadbury), particularly in Aldershot and Farnborough town centres. Work in partnership to enforce civil orders (for example PSPO; CBOs; CPNs etc).
- Operation Waterline to be utilised in Fleet town centre to work in partnership to reduce night time economy based ASB and criminality.
- Be a lead participant in the VOG monthly meeting. Identify locations and people who are causing significant issues and raise with partners to ensure a joint approach.
- NPTs to ensure community engagement with key individuals to set local beat priorities based on professional judgement, crime figures and the local fear of crime.

Measurable outcomes	<ul style="list-style-type: none"> <li>• Ongoing reduction in recorded ASB related incidents across Hart &amp; Rushmoor</li> <li>• Increase in public confidence through OPCC based analysis</li> </ul>
---------------------	---

Priority	Domestic Abuse
Strategic Assessment narrative	<i>Reporting of domestic abuse offences has increased by 14% this strategic period. While this can be seen as positive, one third of victims are repeats and there has been an increase in the number of violence with injury offences.</i>

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

- Identify high risk repeat offenders through research and discuss in partnership at the monthly TPM. Local management and ownership to ensure robust approach to target the offending behaviour.
- Identify safeguarding needs for victims through DMM management of high risk incidents. High Risk victims managed through MARAC partnership process.
- Initial police attendance to domestic incidents will be in accordance with policy and procedure.

**Measurable outcomes**

- Reduction in repeat perpetrators.
- Reduction in repeat and high risk victims.

<b>Priority</b>	<b>Robbery</b>
-----------------	----------------

<b>Strategic Assessment narrative</b>	<i>Robbery has increased year on year. The use of weapons in these offences is common and on the rise. Young males with an existing criminal history have been identified as being at risk of offending and it is hoped that the CSP can work with this cohort to educate them and reduce the risk of future offences.</i>
---------------------------------------	--

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

- Research offending behaviour to identify location, victim, suspects.
- Target offenders, particularly those believed to be involved in street gang behaviour.
- Operation Sceptre – the Force’s response to knife crime. Work in partnership to increase public awareness and engage with schools to educate the dangers of carrying a knife.
- County Lines – Drug related violence remains a priority crime type for Hart & Rushmoor. Focus on identifying vulnerable people likely to be taken advantage of (Fortress). Through intelligence research identify offenders to disrupt and pursue.
- Work with Safer North Hants to make the best use of the Most Serious Violence fund money.

**Measurable outcomes**

- Reduction in robbery offences.
- Increase in prosecutions.
- Identification of those involved in urban street gangs and an increase in engagement and diversion.

<b>Priority</b>	<b>Children at risk with a focus on knife/blade related incidents</b>
-----------------	---

<b>Strategic Assessment narrative</b>	<i>The threat of serious organised crime especially related to the exploitation of children is a county priority. County Lines and organised gangs are known to be operating within the Safer North Hampshire area. In addition, while figures are low and overall weapons offences were down last year, the number of people found to be carrying a weapon and also using them in certain offences has risen. Knife/blade crime has also risen 90% in the past five years and is a national priority which requires a cross government approach. It should be a priority for the CSP to identify and work with vulnerable young people at an early stage to prevent the occurrence of higher harm offences (linked to ASB priority around early intervention).</i>

Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.

- We will continue to support partners with relevant intelligence through daily and monthly BAU.
- We will continue to enable the Basingstoke Youth Court, providing peer on peer accountability.
- We will continue to support partners in seeking and enforcing civil ancillary orders.
- We will continue to support CSPOs through strong partner relations.
- We will continue to support the role and work of BID funded Town Centre Rangers.
- We will utilise engagement opportunities across multiple avenues to provide reassurance, advice and set realistic expectations.

Measurable outcomes	<ul style="list-style-type: none"> <li>• Reduction in reported ASB across partnership data.</li> <li>• Increase in Public Confidence</li> </ul>
---------------------	---

Priority	Domestic Abuse
Strategic Assessment narrative	<i>Reporting of domestic abuse offences has increased by 14% this strategic period. While this can be seen as positive, one third of victims are repeats and there has been an increase in the number of violence with injury offences.</i>

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

- We will maintain a core participation in VOG/MARAC and MATAK partnership meetings. Ensuring that relevant information is shared to enable the effective support of DA victims and the proactive targeting of DA perpetrators.
- We will establish a High Harm Team which will include a proactive DA work stream. This will provide a clear point of contact for partner agencies.
- We will maintain a DA focus through daily and monthly meetings, ensuring that appropriate interventions occur.
- We will ensure the first response to domestic violence incidents will be in accordance with HC policy and procedure.
- We will support local partners in providing safeguarding interventions.

**Measurable outcomes**

- Reduction in repeat perpetrators.
- Reduction in repeat and high risk victims

**Priority**

**Robbery**

**Strategic Assessment narrative**

*Robbery has increased year on year. The use of weapons in these offences is common and on the rise. Young males with an existing criminal history have been identified as being at risk of offending and it is hoped that the CSP can work with this cohort to educate them and reduce the risk of future offences.*

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

- We will maintain targeted enforcement and preventative work around robbery- OP SPRITZ. We will utilise local and forcewide resources to support local interventions.
- We will work with partners to understand and resolve any intelligence gaps.
- We will establish Habitual Knife Carrier Workshops with a focus on educating young persons and their parents. We will encourage greater partnership involvement in this process.
- We will work with schools and educational establishments to test our own understanding of the issue and highlight risks to young people.
- We will seek the placement of a permanent Knife Surrender Bin on district.
- We will actively deliver a national response to knife crime through OPERATION SCEPTRE.
- We will continue to chair monthly OPERATION FORTRESS meetings to focus partnership actions to support vulnerable persons at risk from county lines.
- We will actively consider the use of S.60 CIPA legislation in conjunction with partners to prevent offences.

**Measurable outcomes**

- Wider intelligence picture established
- Reduction in Robbery offences

In terms of adult offenders: as with previous years Offenders typically under the umbrella of anti-social behaviour who are managed by the NPS fit the criteria for management under IOM. IOM provides a greater level of oversight and offenders are jointly managed by Police and Probation.  
 We invite NPT Officers to MAPPA meetings to discuss and agree risk management plans.  
 Where high risk of serious harm is apparent we seek to manage cases using a joined up approach under the MAPPA provision.  
 We do not manage offenders under 18.

Two Probation Officers are seconded to Youth Offending Teams, however their focus is on High Risk of Serious Harm cases and not the lower risk linked to anti social behaviour.

<b>Measurable outcomes</b>	None in terms of youths as we do not work with this group as a service directly.
----------------------------	--

<b>Priority</b>	Domestic Abuse
<b>Strategic Assessment narrative</b>	<i>Reporting of domestic abuse offences has increased by 14% this strategic period. While this can be seen as positive, one third of victims are repeats and there has been an increase in the number of violence with injury offences.</i>

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

The NPS Supervises offenders convicted of Domestic Abuse offences. We utilise group work via the CRC such as Building Better Relationships.  
 A Probation Officer attends and contributes to MARAC meetings  
 All staff complete MARAC referrals as required.  
 All staff have completed adult safeguarding training and make referrals as appropriate and liaise with other agencies in support of any known victims  
 Safeguarding is completed as part of all Risk Management Plans as appropriate.  
 I am not aware of any specific joint working or project as part of the CSP to address this target.

<b>Measurable outcomes</b>	Completions of community orders and licence periods Attendance at and engagement in MARAC process. Completions of Building Better Relationships Programs. These are outcomes for the NPS.
----------------------------	--

<b>Priority</b>	<b>Robbery</b>
-----------------	----------------

<b>Strategic Assessment narrative</b>	<i>Robbery has increased year on year. The use of weapons in these offences is common and on the rise. Young males with an existing criminal history have been identified as being at risk of offending and it is hoped that the CSP can work with this cohort to educate them and reduce the risk of future offences.</i>
---------------------------------------	--

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

All those convicted of offences such as Robbery and subject to supervision will be managed with reference to a risk assessment and risk management plan. This may involve use of Multi agency approach such as MAPPA Level 2 meetings.  
 Factors that can be linked to Robbery, such as substance misuse are managed via DRR requirements and drug testing as appropriate.  
 We are not involved in education of youths.  
 I am not aware of any joint projects within the CSP that include the National Probation Service.

<b>Measurable outcomes</b>	Completion of court orders. These are outcomes for the NPS
----------------------------	---

<b>Priority</b>	Children at risk with a focus on knife/blade related incidents
-----------------	--

<b>Strategic Assessment narrative</b>	<i>The threat of serious organised crime especially related to the exploitation of children is a county priority. County Lines and organised gangs are known to be operating within the Safer North Hampshire area. In addition, while figures are low and overall weapons offences were down last year, the number of people found to be carrying a weapon and also using them in certain offences has risen. Knife/blade crime has also risen 90% in the past five years and is a national priority which requires a cross government approach. It should be a priority for the CSP to identify and work with vulnerable young people at an early stage to prevent the occurrence of higher harm offences (linked to ASB priority around early intervention).</i>
---------------------------------------	---

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

NPS does not work directly with children as offenders reporting to NPS are aged 18 and over.  
NPS has two Probation Officer seconded to work within the Youth Offending Team  
Our role would focus more on identification of children at risk within families we work with and adult offenders linked to County lines.

All staff have been offered training on County Lines and the majority of Probation Officers have completed this training within the last 12 months.

Information on County lines, risks and concerns have been shared throughout Hampshire National Probation Service and all staff are fully aware of the issues.

**Measurable  
outcomes**

No specific measurable outcomes.  
Staff training will remain ongoing and Police information forms and Children Services referrals made as required.

<b>Role</b>	Garrison Commander

**Priorities**

<b>Priority</b>	<b>Antisocial behaviour with a focus on youth related nuisance</b>
<b>Strategic Assessment narrative</b>	<i>Despite a reduction in overall reports of anti-social behaviour (-13%) to the police the issue remains a concern for communities, individuals and businesses. Youth related anti-social behaviour accounted for around a quarter of incidents in the town centre beats and were widespread across the area. Although the CSP currently has some effective mechanisms in place, early intervention with young people is key in reducing the number who go on to commit further, often higher harm offences.</i>

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

Aldershot Garrison implemented a regime of joint patrols between civilian police and the Royal Military Police. The aim of these patrols is to show a coordinated approach to policing in the Rushmoor area. The Garrison will continue to partner in this area and ensure that engagement with organisations such as Military Preparation College and Step by Step include showing the military culture of discipline and respect for others within the community.

<b>Measurable outcomes</b>	We will liaise with leaders of youth groups to gauge where they think we may be able to assist, using “role models” from our personnel to share experiences and influence.
----------------------------	--

<b>Priority</b>	<b>Domestic Abuse</b>
<b>Strategic Assessment narrative</b>	<i>Reporting of domestic abuse offences has increased by 14% this strategic period. While this can be seen as positive, one third of victims are repeats and there has been an increase in the number of violence with injury offences.</i>

**Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.**

We will continue to work with local authority welfare organisations to train and inform our Unit Welfare Officers so they are equipped to identify and manage instances of DA.

<b>Measurable</b>	Reduction in DA instances recorded in Ald Gar and surrounding areas over the period 2019/20.
-------------------	--

<b>outcomes</b>	
-----------------	--

<b>Priority</b>	<b>Robbery</b>
<b>Strategic Assessment narrative</b>	<i>Robbery has increased year on year. The use of weapons in these offences is common and on the rise. Young males with an existing criminal history have been identified as being at risk of offending and it is hoped that the CSP can work with this cohort to educate them and reduce the risk of future offences.</i>
<b>Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.</b>	
<p>Aldershot Garrison will continue to work closely with police and has plans to work with RBC to put in place Neighbourhood Watch schemes within the military housing areas. Better signage will be put in place to raise awareness of this along with restricting parking in areas where nuisance has been caused.</p> <p>We will be working with RBC to identify where better use of CPSO can be used to deter criminals.</p>	
<b>Measurable outcomes</b>	Reduction in robbery related crimes in Ald Gar and surrounding areas.

<b>Priority</b>	Children at risk with a focus on knife/blade related incidents
<b>Strategic Assessment narrative</b>	<i>The threat of serious organised crime especially related to the exploitation of children is a county priority. County Lines and organised gangs are known to be operating within the Safer North Hampshire area. In addition, while figures are low and overall weapons offences were down last year, the number of people found to be carrying a weapon and also using them in certain offences has risen. Knife/blade crime has also risen 90% in the past five years and is a national priority which requires a cross government approach. It should be a priority for the CSP to identify and work with vulnerable young people at an early stage to prevent the occurrence of higher harm offences (linked to ASB priority around early intervention).</i>
<b>Insert below how you will work in partnership to tackle the above priority during 2019/20. Please include specific details of any projects, along with any relevant contacts.</b>	
<p>As above we will continue to engage with youth organisations, where possible providing education, awareness of the negative impacts of knife related crime. Highlighting through role models the benefits of good societal behaviour for the individual and community as a whole.</p>	
<b>Measurable outcomes</b>	A reduction of knife related crimes in Ald Gar and surrounding areas through increased awareness and education
